PROFILE

Literature and Linguistics student and creative writer based in Nairobi, working across storytelling, freelance web projects, and digital marketing. Founder of a social media management consultancy for local SMBs and creator of Nairobi Diaries, a Nairobi-themed creative writing page. Fluent in English and Kiswahili, with intermediate Mandarin Chinese (HSK).

CORE SKILLS

- **Writing & Content:** creative writing, copywriting, storytelling, editing, code-switched English/Swahili/Sheng voice
- **Digital Marketing:** social media content strategy, content calendars, client onboarding, Canva design, AI-assisted content production
- **Web:** Git/GitHub version control, portfolio site build & deployment, basic freelance web builds
- **Languages:** English (fluent), Kiswahili (fluent), Mandarin Chinese (intermediate, HSK)
- **Teaching & Facilitation:** webinar delivery, guidebook development support

EXPERIENCE

Freelance Web Builder — Rolarts Cyber (client project)

Aug – Sep 2026

- Built a multi-page business website (Home, Services, Gallery, Contact) for a Nairobi print & cyber shop offering printing, graphic design, and KRA/online services
- Designed brand assets including an AI-generated logo and a golden-yellow/teal/red visual identity
- Deployed live on GitHub and Netlify — rolarts-cyber.netlify.app

Webinar Presenter / Writing Support — Trainify

Aug 28, 2026

- Delivered a one-hour in-person webinar, "Digital Marketing in the Age of AI," covering strategy foundations, organic growth, paid advertising (Google/Meta), and AI-powered marketing workflows
- Built and presented a 21-slide session deck spanning SEO/SEM, the 80/20 organic content rule, Meta Advantage+ campaign settings, an essential marketing tool stack, and performance reporting
- Supported a colleague in planning and outlining a beginner's English guidebook, including structure and chapter templates

Founder — SMART Digital Growth

Jul 2026 – Present

- Built a social media management consultancy for Nairobi-area SMBs (boutiques, cyber cafés, salons, auto care, and similar businesses), offering hands-off content production from raw client photos/video
- Designed a tiered pricing structure (Trial through Pro) and a remote WhatsApp-based client onboarding and content submission workflow
- Produce posts, captions, reels, and flyers using Canva and AI content tools — kelly920508.github.io/smart-digital-growth

Creator — Nairobi Diaries (Facebook / Instagram)

Jun 2026 – Present

- Run a Nairobi-themed creative writing page organized around seven recurring thematic pillars (bedsitter life, matatu chronicles, campus life, and others)
- Maintain a daily content workflow: one core story idea repurposed across text posts, comic-style posts, and reels
- Grew and maintain an established, distinctive code-switched voice across English, Swahili, and Sheng

SELECTED PROJECTS

- **FundFlow** — a bookkeeping and financial-transparency mobile app for chamas and savings groups in East Africa, built with Expo Go (in development)
- **Rolarts Cyber Website** — rolarts-cyber.netlify.app
- **SMART Digital Growth** — kelly920508.github.io/smart-digital-growth
- **Nairobi Diaries** — ongoing creative writing page with a distinct Nairobi voice

EDUCATION & TRAINING

- B.A. Literature and Linguistics — University of Nairobi (in progress); higher education coursework and linguistic training
- Digital Marketing & Paid Media — hands-on application and practical mastery of Meta Ads campaign architecture, ad tracking, performance analytics, and Google Sheets workflow automation
- AI Tools & Prompt Engineering — practical workflows involving prompt engineering frameworks, image generation tools, and AI-assisted curriculum design
